

## Principal

It's an exciting time to be a Lehi Pioneer! Our Lehi roots run deep, and we are fortunate to be part of such a great, supportive community. There are a lot

of great things happening at Lehi High School, and we have highlighted some of them for you in this year's stakeholder's report.

Our teachers and staff continue working hard to help students learn essential knowledge, skills and dispositions in a challenging year. While, our students continue to impress us as they engage academically and socially.

This year as we focus on the essentials we are reminded of the importance of social emotional health, behavior and academic interventions, and increasing literacy at every level. We are excited to see the continued growth and success of students as we focus on what matters most.

# Land Trust Accountability

2021-22 School LAND Trust Report  
Amount Allocated: \$222,751

The use of school LAND Trust money is determined by the Lehi High School Community Council and is based on the School Improvement Plan. (for more information about School Community Council - SCC, visit <https://goo.gl/mcW3SA>),

The 2021-2022 School Improvement Plan focused on raising the achievement level of all students. The areas of focus for the School Improvement Plan were to increase the mastery of essential standards in student performance in the areas of Math, English and Science, and maintain graduation rate of 93%.

Lehi High used LAND Trust funds to support academic needs in the following ways:

- Funded student advocates to monitor student progress.
- Funded a classroom set of Chromebooks
- Funded Professional Development opportunities for teachers to improve Tier 1 practice
- Funded summer collaboration for teachers to work on the PLC process
- Funded additional sections in Math, English, and Science to help reduce class size
- Funded digital studies class to give students more access to online learning

Teachers at Lehi High continue to work to improve academic performance and growth in all subjects.

Student testing measures will be compared, disseminated, and used to guide decisions with LAND Trust money. With our continued efforts as a School Community Council, LHS has maintained graduation rates, developed teacher learning, and improved student academic performance and student achievement.

*Inspiring a strong community of  
Pioneers to higher levels of learning.*
