

Dear Parents,

With the introduction of the Next Generation initiative, your student will have a Chromebook checked out to them. This sheet will provide more information about repair and optional device insurance for their Chromebook. Please see our school's website if you need more information about other facets of the Next Generation initiative.

Students will be given instruction and training on safety and best practices with their issued device. With good care, damage and repair should be minimal. However, damage or failure may still happen. If a device stops working and the problem comes from normal use and wear with the device, repair will be covered with district resources. However, if the device is damaged due to the actions of the student, the repair or replacement is the responsibility of the student and family. This would include water damage, dropping the Chromebook, impact inside a backpack, loss, theft, and many other accidental issues.

In the event of accidental damage or loss, there are two options for students and families:

- First, families can sign up for a **device insurance plan** through a private company we have partnered up with called **School Device Coverage**. They are a national device insurance organization that works with school districts all over the country.

For a charge of \$25 your device is fully covered for the entire school year with no deductible.

Information for enrolling in this plan is on the other side of this flyer. It is the responsibility of the family to enroll if you choose this option. You will need the device serial number found on the bottom of the device.

Families need to sign up for insurance before September 15th if they choose this option.

- Second, families can **plan to pay for damages** if they occur. The breakdown of charges are below. These will be standardized charges regardless of the age of the Chromebook.

Damaged or lost charger = \$30

Damaged but repairable Chromebook = \$50

Destroyed, lost, or stolen Chromebook = \$150

If you would like more information about the insurance program, there is information on the flyer to contact them. Please direct other questions about cost to the school administration. We look forward to the great opportunity to enhance learning through this device program.

### Student Device Insurance Coverage August 01, 2021 to August 01, 2022 School Year

Device	Coverage	Deductible	Yearly Premium
Dell & HP Chromebook	Full Coverage*	\$0	\$25

\*Does not cover accessories, unless applicable. In order to take advantage of this opportunity, coverage must be purchased within 30 days of receiving your device.  
\*\*Coverage excludes known damage/losses which are present at the time of purchase.

**Without this insurance you could be liable for costly repairs and the replacement cost of the device.**
