Westlake Community,

We have lost two more members of our Westlake family. The two missing girls that have been on the news are from Westlake High School. Sophia Hernandez was a junior, and she was actively involved in Latinos in Action. Priscilla Bienkowski graduated last year. We do not have any additional information beyond what has been shared on the news. Westlake is saddened by this tragedy and our hearts and prayers are with the family. At this difficult time, we hope that we will all take time to be aware of the needs of others and to reach out and support each other.

We encourage students to speak to their parents and share their feelings. It is extremely important that parents are aware of how their student is feeling.

Westlake does have counselors available throughout the week to help students who may need additional support. If your student is struggling, then we encourage you to contact the Counseling Center and set an appointment to meet with a counselor.
